

Ashbury College Uniform Chart

Please refer to the sizing chart below as a guideline for you to determine your child's sizing. We recommend that you complete the basic measurement table to ensure sizing accuracy. For a proper fit, measure your child carefully – keep the tape firm but not tight. Custom orders are available for students who fit outside of the size chart measurements. Note that students are permitted to choose uniform elements appropriate for their gender identity.

- Height: Stand with shoes against the wall- measure from the top of the head to the floor
- Neck: Measure around the neck
- Chest: Measure around the fullest part of the chest
- Back: Measure the centre of the back from the nape of neck down to find where the item will fit
- Waist: Measure around the narrowest part of the waist
- Hips: Measure around the fullest part of the hips
- Inseam: Lay a pair of pants of favourable length on a flat surface – measure along the inseam from the crotch to the bottom of the leg
